

WELCOME TO THE EVO FAMILY!

Thank you for your interest in joining the EVO Athletics Volleyball Program. EVO Volleyball is a place where young athletes can develop their volleyball skills in a safe, fun, and educationally sound environment. At EVO, coaches and parents work together to build both the athletes volleyball skills as well as their life skills. We attempt to make success possible and strive to ensure players grow as a person as well as an athlete. Players as well as staff are expected to work hard, play hard and have fun!

We believe success is not relative to wins or losses! We feel every win and loss is a learning experience for athletes, coaches and parents. While winning is not the most important thing, the will to win is!

Please read this handout carefully and be sure to ask if you have any questions. During the team placement process we will be evaluating and placing athletes on teams based on their skills, attitude, work ethic and experience. Our goal will be to place athletes where they can achieve the most success and earn the most playing time. We ask that you accept your placement with a positive attitude and understand that our goal as a program is to set each team and individual up to succeed.

On behalf of all of our EVO staff we are proud to extend our warmest welcome into the EVO family. We look forward to another fun and successful season and we are truly excited to see you all in the gym!

~Jeff Horr, Volleyball Program Director
